630 Davis Street  
Evanston, Ill.

Gentlemen:

We take your form communication, returned herewith, to be an inquiry regarding the cost of our "Numismatic Notes and Monographs", and I am enclosing a list of them for your further enlightenment. You will see that these monographs are complete in themselves, and that they are published to the number of four to six annually as a return for membership in the Society. If your correspondent desires to enroll as an Associate Member, he would receive the monographs issued during the year as a partial return for his five dollars dues. I should be glad to hear from you more specifically.

Very truly yours,

Secretary.
